RALLY CHAMPIONSHIP 2017

HRCR Premier Rally Championship Regulations 2017

MSA Championship Registration # tba

1. General

1.1. The Historic Rally Car Register (HRCR) will organise a closed to club championship to be known as The Premier Rally Championship.

1.2. The HRCR will appoint a Championship Secretary to oversee and control all aspects of the championship. The Secretary, after consultation with the Stewards, reserves the right to amend the championship regulations at any point during the year by use of official bulletins which will be displayed on the championship website.

2. Participants

2.1. The championship will be open to all fully paid-up members of the HRCR and they must sign that they have read and agree to the rules and regulations of the championship. Acceptance of an entry to the championship is at the discretion of the championship Secretary.

2.2. The championship commences on the 1st January, and finishes on the 31st December each year.

2.3 Participants may compete in any vehicle complying with Item 7; Vehicle Eligibility and the Additional Supplementary Regulations of the individual event entered.

2.4. Participants may register via the website www.hrcr.co.uk or via post, e-mail or in person with a fully completed registration form. A registration fee of £20 per participant must be paid before any points can be claimed.

2.5. Registration opens at publication of these regulations and closes on the date of the final contending event.

3. Championship Events

3.1. The championship will consist of a maximum of 25 Road or Navigational events and 14 Classic, Historic or Vintage road rallies. Should any championship event be cancelled no replacement will be sought.

3.2. In addition to the events in the 2017 championship calendar, participants may also claim points from ANY 3 Targa events.

3.3. It is the participant's responsibility to enter events in adequate time. Registering as a championship participant does not guarantee an entry on championship rounds.

4. Scoring

4.1. For overall championship and class awards, each contender's best 8 scores will be counted.

4.2. Championship participants are entitled to 10 points for every qualifying event started.

4.3. Championship participants can claim points based on their final position in the results of the qualifying event they have started, multiplied by a factor (100 divided by the number of starters) with the final result rounded to the closest whole number.

These points will be awarded to ALL competitors that started the event irrespective of whether they are championship participants or not.

The following formula will be used;

$$\text{Points Scores} = \left((A - B) \times \left(\frac{100}{A} \right) \right) + 10$$

A = Number of Starters

B = Finishing Position

For example; A participant who finishes an event in 10th place overall with 100 starters will receive 90 points x 1 + 10 for starting (100 points), whilst a participant who finishes an event in 10th place overall with 50 starters will receive 40 points x 2 + 10 for starting (90 points).

4.4. If a qualifying event contains more than one permit (such as Classic and Targa), but all use the same route, route instructions and time schedule then the overall results for these permits will be amalgamated.

If the individual permit events differ in route, route instructions or time schedule then points must be claimed within each permit relative to the number of starters in that individual permit event.

For example; If an event ran with 75 starters - 50 Classic and 25 Targa but the Targa competitors don't complete a section of regularity that the Classic event does, then the points awarded for the Classic would be respective to the 50 Classic participants and the Targa points would be respective to the 25 Targa participants separately.

4.5. It is the individual participants responsibility to claim championship points for Targa events by sending them to the Championship Secretary, either by the online form, Email or by post, with a copy of the start list and the final official event results, clearly showing the claimants overall placing in the final results. Any claim made more than 14 days after the qualifying events results have gone final will be invalid.

PREMIER

RALLY CHAMPIONSHIP 2017

4.6. Championship participants may claim 90 points for serving as a named official in the event regulations and 50 points for serving as a marshal on any qualifying events. Proof of this (copy of signing on sheet or event details signed by the chief marshal) will be required within 14 days

4.7. When applying for official points please specify if these points are to be counted for drivers or navigators awards.

4.8. Championship points tables will be published regularly online on the HRCR websites as well as in 'Old Stager' and any other publication.

4.9. If an event allows car sharing (2 entries where the second entry has the navigator driving and the driver navigating) only 1 result will be accepted. The higher points will be given unless requested by the individual participant within 7 days of the results going final.

5. Classes

5.1. Experience definitions will be as follows, and will be counted at the date of registration for the championship.

Class 1 – Experts

- A participant who has had three or more finishes in the top 5 places overall of a National B or higher status rally.
- A participant who has had five or more finishes in the top 5 places overall of a Clubman or higher status rally.

Class 2 – Semi-Experts

- A participant who has had one or more finishes in the top 10 places overall of a National B or higher status rally.
- A participant who has had three or more finishes in the top 10 places overall of a Clubman or higher status rally.

Class 3 – Novices

- A participant who does not meet these qualifying requirements for Experts or Semi-Experts.

5.2. If participants meet the requirements for more than one class, the higher class will be entered.

5.3. Experience will be checked and participants may be reclassified by the discretion of the Championship Secretary after consultation with the Championship Stewards if they believe they are unfairly classified by the classes listed above.

5.4. For the championship awards only, contenders will retain their experience status applicable at the time of registration. If the regulations of a qualifying round place participants in a different experience class, they must enter that event in accordance with the event regulations. In this situation championship points will be allocated to participant's registration information.

6. Awards

6.1. The following championship awards and trophies will be presented at the HRCR Prize-giving Dinner following the end of the championship year.

Highest points scored by either Driver or Navigator – The Philip Young Memorial Shield

1st in each experience class Driver and Navigator

2nd in each experience class Driver and Navigator (subject to 3 scoring in the class)

3rd in each experience class Driver and Navigator (subject to 6 scoring in the class)
